AUDITOR'S REPORT

Richmond, N.H. 03470

February 2, 1981

The Board of Selectmen
Town of Richmond
Richmond, N.H. 03470
Gentlemen:

Submitted herewith is our report on the audit and examination of the accounts and records of the Town of Richmond for the fiscal year ended December 31, 1980. The financial statements and other exhibits attached hereto are included as part of this report. A complete copy of our audit report must be kept by the Town Clerk as part of the Town's permanent records.

SCOPE OF AUDIT

Our examination and audit included the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, and Trustee of Trust Funds. Accounts of the Richmond Public Library have been audited separately.

FINANCIAL STATEMENTS

1. Comparative Balance Sheets show an increase in the net surplus of the Town from \$14,929.35 in 1979 to \$27,040.03 in 1980. Note: Uncollected Inventory Penalties of \$150.00 should not have been included in last year's surplus.
2. The Statement of Appropriations and Expenditures shows a net unexpended balance of appropriations in the amount of \$5,945.26 in 1980 as compared to \$10,444.12 in 1979.
3. The Statement of Estimated and Actual Revenue shows a net revenue surplus in the amount of \$1,130.98.
4. The Budget Summary indicates a net Budget surplus in the amount of \$7,076.24 for 1980.
5. Summaries of other accounts include the Town Treasurer, Tax Collector, Town Clerk, Trustee of Trust Funds, Revenue Sharing, and the special Fire Department equipment fund account.
6. The Summary of Long Term Indebtedness shows that the balance of this note was discharged on December 23, 1980.
7. The special Revenue Sharing Report which is required by the Department of Revenue Administration of the State of New Hampshire must be published in the Annual Town Report.

AUDIT PROCEDURES

The records and accounts of Town Officials responsible for the custody, receipt and disbursement of public funds, as indicated in the scope of the audit, were examined and verified to the best of our knowledge and ability. All Town books and papers were carefully checked and, where necessary, tests of certain records were conducted as part of our audit.

CERTIFICATION OF AUDIT

We hereby certify that we have examined and audited the accounts and records of the Town of Richmond, New Hampshire, for the fiscal year ended December 31, 1980. It is our opinion that the attached balance sheets and other statements of sources of revenue and expenditures fairly represent the financial position of the Town of Richmond for this period.

THANKS

We again sincerely thank the Town Clerk and Town Treasurer for their generous assistance throughout the course of our audit. Their cooperation and understanding has been of inestimable value in the completion of our report.

Very truly yours,
Stanley F. Bartram,
Margaret J. Bartram,
Auditors
Town of Richmond, N.H.

SELECTMEN'S REPORT

The year 1980 has come to a close and once again town meeting approaches. The past year has kept your selectmen busy just doing the paperwork that seems to increase yearly.

At last year's meeting painting of the Veteran's Hall was proposed by the selectmen. Although the complete building was not painted, the south and east exterior sides were. The interior ceiling, where

needed, was also done. The material to complete the exterior has been purchased.

Town bridges and roads—After lengthy meetings with the state highway officials, two different engineering consulting firms, and different contractors, a plan to solve the bridge problem, as well the cost, will be ready for Town Meeting. Further work was done on the Sprague Road as well as the Greenwood Road. This year the Hatchery Road should be blacktopped.

Good committees are the backbone of a town such as ours, and when the new year starts, just about all standing committees will be in need of volunteers. Anyone interested please step forward.

Respectfully submitted,
Francis J. Jillson,
Richard E. Bigda,
Dana A. Taylor,
Selectmen of Richmond

CEMETERY COMMITTEE REPORT – 1980

The perpetual care markers have been installed. Plans for this year will be to do the usual mowing, brush removal, wall clearing and to remove some stumps from the old section of South Cemetery, as well as filling in some more of the sunken graves and to straighten a few more stones as time and money permit.

Mr. and Mrs. Roger Hunt of Manchester, N.H. have mapped and inventoried the gravestones in the Barrus and Aldrich Cemeteries and have supplied the town with copies and also a copy of the record of the gravestones of the Revolutionary War Soldiers in Richmond, the cemetery they are buried in and the date of their birth and death. Mr. and Mrs. Hunt stated that in 1962 the door on the tomb at the Benson Cemetery was in place and when they returned in 1980 it was completely missing. This tomb has been vandalized and is now empty. We wish to thank these people for all their work and the gift of the copies to the town.

Respectfully submitted,
Jane Jillson, Chairperson
Betty Davis, Sec.-Treas.

At the outset, we wish to congratulate our new librarian, Suzanne Whittemore, for her excellence on the job. Not only is she busy administering the library but is enrolled in the statewide librarian certification program, offered twice a year at Keene State College.

A big event of the year was the dedication of the library addition last May, to honor Edith Atkins upon her retirement. Edith served as town librarian for thirty-four years. The event, sponsored by the “friends,” brought out many townspeople and well-wishers bearing gifts and praise. A plaque was presented and the addition named “The Edith Bullock Atkins Room.”

Another notable event of the year was the placement of the library (Richmond Schoolhouse No. 6), on the National Register of Historic Places. The trustees, and now state and national historians, feel the library is a significant educational building serving the people of Richmond since 1850.

We wish also to acknowledge the dedicated work of the town archivist, Norma Thibodeau. She has developed a catalog system unique in its approach to archival management and has been acquiring many materials for preservation. In collaboration with Beatrix Faust, Norma has spent the past five years transcribing *The First Book of Vital Statistics Of The Town Of Richmond, N.H.* This transcript, finished in June, for the Town Clerk, was printed on acid-free paper provided by the selectmen. A copy of this document is now available to the public at the library.

We have been working hard to come up with energy saving measures to reduce the cost of operations. In 1979 we installed a dual thermostat system governed by a seven day clock. This year we have

increased the insulation in the attic to eleven inches, had the heating system cleaned, and replaced the chimney pipe. As a result, we have been able to reduce oil consumption considerably. This is why you will see a 15% reduction in our budget request for 1981.

In closing, our special thanks to the "Friends" for their many gifts and projects to help out the library. We feel very fortunate to have such a dedicated group associated with the library.

Respectfully submitted,
Board of Trustees
Joseph G. Thibodeau,
Chairman

Auditor's Report

Richmond, N.H.
January 9, 1981

We, the undersigned, hereby certify that we have examined the accounts of the Trustees of the Richmond Town Library for the year ended December 31, 1980. These records, including the checking account covering the Town appropriation and the Trust Funds administered by the Trustees, have been verified and were found to be in excellent condition.

CIVIL DEFENSE REPORT – 1980

Nineteen-eighty was an active planning year for Richmond Civil Defense. Many productive meetings took place between State Civil Defense, Nuclear Power Plant representatives, the Selectmen and myself to hear Federal and industry reports, map a Radiological Response Plan and update Richmond's Basic Emergency Management Plan.

Radiological Response Plan:

The question of responsibility for notification, planning and equipment/planning, funding, dealing with nuclear power plants within existing regulations and licensing requirements is a topic of great debate not only on the local but on the National level as well. Guidelines and specific answers to these pertinent question areas are slow in coming as much bureaucratic investigation and regulation revision continually modify existing practice.

Richmond has a Radiological Response Plan to meet those Federal regulations and protect its residents given the limitations of its rural setting.

Basic Emergency Management Plan:

Richmond's Basic Emergency Management Plan also underwent much updating this year. This plan is the umbrella under which all Civil Defense planning, authorization and delegation of responsibility takes place. The plan on file with both the State Civil Defense and the Town of Richmond, will continue to undergo updating and revision on an annual basis.

Finally, Richmond Civil Defense purchased a portable monitor this year that should aid in more effective and rapid communication with notifying agencies.

Respectfully submitted,
Robert S. Coy,
Civil Defense Director

POLICE DEPT. REPORT

We are happy to report that we have added another person to the police department. His name is Herbert Krause. He has had a lot of experience in this kind of work. Herbert did a lot of police work in Hawaii for 10 years or so.

Richard Bigda, Don Jarvis, John Hillock and Herbert Krause are going to school so that they may become certified officers before the January 1982 deadline.

We have not had too many problems this year except for breaking and entering, most of this has been vandalism.

We have just purchased a new radio for Mr. Krause's car, also two new portable radios for use away from the car.

Respectfully submitted,
Robert VanBrocklin,
Acting Chief
Richard Bigda
Donald Jarvis
John Hillock
Herbert Krause

FIRE DEPT. REPORT

My report for the year ending December 31, 1980 is very good in my estimation. We have had very few chimney fires and only a few very small brush and grass fires.

We would like to thank all neighboring towns for their assistance, Meadowood, all the Swanzey's, Winchester, Fitzwilliam and Mutual Aid.

The Fire Dept. has just bought a new 3000 Watt generator for use at fires and also on rescue detail. We would like to ask the town for other equipment to be used with it.

Respectfully submitted,
Robert VanBrocklin, Chief

By authority of the State of New Hampshire the Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Anyone wishing to kindle a fire when the ground is not covered with snow must obtain a permit from the Warden or Deputy Wardens, George Blais, or Harry Lord.

No fire permits will be issued for fires between the hours of 9 a.m. - 5 p.m. unless it is raining.

Robert VanBrocklin,
Forest Fire Warden

BEACH COMMITTEE'S REPORT – 1980

Increased police patrolling of the beach this past summer seems to have had a positive effect. The beach committee feels the money was well spent and is asking the town to again include this item in next year's appropriation. A dumpster was rented for the beach rubbish and with the exception of a few minor problems, worked out well, ridding the beach of fly covered and smelly barrels. Sand was added to the south end of the beach but more is needed, in the water, to expand the swimming area. The toilet was put back into use and the road and parking lot were graded. Picnic tables were removed from the beach face and located elsewhere. Lifesaving equipment was also purchased and installed.

Because of the sentiment shown at town meeting, the raft was removed from the water for the summer. The whole swimming area was roped off and seemed to make swimmers more aware of swimming safety. New beach hours and rules were put into effect and broken signs replaced. Because of limited parking, it was decided not to issue guest passes. It was also decided that the beach would be open from Memorial Day to Labor Day. We are sorry to say that we have, as yet, been unable to establish a communications system between the beach and Mutual Aid. Hopefully this can be done this year.

Respectfully submitted,
Joseph G. Thibodeau,
Chairman

PLANNING BOARD REPORT

As Richmond and New Hampshire grow the affairs of planning increase in complexity.

Ten years ago concerns of the Planning Board amounted to little more than an occasional subdivision and talk of zoning amendments. At some meetings there was little to occupy the agenda.

Today the board meets twice monthly and frequently more often. Criteria for subdivision is more involved, the State has imposed stringent restrictions on procedures, and legal decisions have had far reaching effects on town planning.

The days of informal discussion and handshake agreements no longer are part of the planning process and planners have constantly to be on their guard to adhere to strict guidelines.

Regional planning, too, is playing a larger role than in prior years. We can no longer look at Richmond from only a local point of view, but must consider ramifications beyond town lines. As time moves on the situation will become more involved and time consuming.

The Planning Board is elected from peers of the community and members serve without compensation. Each is expected to share the load, be active, concerned and informed. In a community of 500 people the filling of seven seats on the Planning Board could prove difficult. So far we have been fortunate in maintaining a full board along with alternates.

This Town Meeting three seats must be filled, a single one-year and two three-year terms.

In addition to minor subdivisions the Planning Board spent many months considering a major twelve-lot subdivision situated between the Greenwoods and Martin Roads. A unanimous vote of the Board disallowed the subdivision. The applicant has since appealed to the Cheshire County Superior Court for which a decision is still pending.

Work on the Master Plan is moving along, not as rapidly as the Board had hoped, but with sufficient progress so as to require one meeting per month solely for its purpose.

Over the past several months a 16-member Master Plan Committee met bi-weekly to prepare a Citizens Attitude Survey, the results of which will be used in formulating the comprehensive plan.

Preliminary reports have been prepared for that plan and are now being revised. These reports should be available soon.

Bruce Treat has been appointed to fill the seat vacated by Robert Schofield who moved from town.

Serving as alternate members are Harry Bennett, Peg Bartram and John Boccalini.

RECREATION COMPLEX REPORT

In 1980, the A.P.C. erected a swing set and purchased and installed two horseshoe sets behind the firehouse. They were both enjoyed by many at the July 4th barbecue.

The committee met with the selectmen and a representative from Pandalino Construction (company widening Rt. 119) wherein an agreement was signed to fill the area that is to be used as the baseball field. This agreement stated further that the filled area would be brought up to level, grade loam purchased by the A.P.C. or supplied by said construction company, seeded and ready for use late in 1980. Well, there were unforeseen problems in the Rt. 119 project and postponed the completion of the A.P.C. project until spring of 1981.

The committee will continue to make this area a place for everyone to enjoy and be proud of in 1981.

We would like to thank the people of Richmond for the support that has been given to this committee and hope it will continue.

The A.P.C. will be happy to accept new members if there is anyone interested.

RECREATION COMMITTEE REPORT

As usual, the focus of our year's activities was the summer Day Camp program which the Recreation Committee makes available to all the children of the town. This year over forty children took part in the week-long program, which included one overnight stay at Camp Takoda. With a professional director, the counselors were Crescent Graves and Sarah Jane Wyman. Many local folks provided the transportation for camp and also for the eight weeks of swimming lessons. The Recreation Committee provides a closing party for the children participating in the swimming program.

Later in the year, there was the Halloween party, complete with bobbing for apples and doughnuts on strings, and the Christmas Party with Santa.

In the Fall, there was a pot luck supper and game night at the Veteran's Hall, for whole families to enjoy. Those in attendance ranged in age from one to eighty.

There were no dances for the young adults, but one is in the plans for the Spring.

If you look at the "Details of Payments," you will see that we have economized as much as possible, and have returned to the General Fund a substantial part of our budget. We hope to have your continued support this coming year—especially where our summer programs for the children are concerned.

Respectfully submitted,
Pat Webber, Chairman

Report of the RICHMOND CONSERVATION COMMISSION

To the Selectmen:

The following is a statement of the activities of the Richmond Conservation Commission for the year ending December 31, 1980:

1. The Commission has held either regular meetings or work sessions every month, and, as usual, has sent a copy of the minutes to the selectmen after approval.

2. No serious outbreaks of aquatic weed pollution have been reported at Cass Pond but careful monitoring is carried on continually.

3. The Commission manned an information booth, as usual, at the Richmond Town Fair, and again distributed an assortment of helpful information to the public at no cost. At this time the Commission would like to express its appreciation to the Cheshire County Extension Service and the Cheshire County Conservation District for their cooperation in furnishing bulletins and pamphlets for distribution.

4. The Commission mowed and cleaned the Quaker Cemetery shortly before the Town Fair, as usual.

5. A logger operating southeast of the Helen Stone residence traversed a waterway in which her well is located and caused sedimentation of the well. The Commission instructed the aggrieved tenant concerning the proper authority to contact, and the logger was told to abandon his procedures. Several follow-ups were made, and all indications seemed to show that the problem had been solved.

6. In the Warrant for the 1981 Town Meeting, you will see an Article concerning the sale of the north half of the Town Forest Road by Alfred and Beatrix Faust to the Town of Richmond for the sum of one dollar, to be paid by the Richmond Conservation Commission, and the privilege of using the road in accordance with the regulations laid down by the Richmond Conservation Commission. This Article was necessary to meet the legal requirements in such a conveyance. The Commission urges you to consider the matter fully and to vote in favor of it.

You will find, also, another Article in the same Warrant asking that the Conservation Commission be allowed to use the proceeds of a small timber sale in the Town Forest to repair the Town Forest Road so that townspeople may have proper access to a cordwood cutting project, which can be started after the timber sale has been carried out.

Of course no town highway money can be used on this road, so in order to make repairs on the road, the Commission must have some funds to use, and, after much thought, this seemed to be an excellent method of obtaining them. By proceeding in this way, the forest would be paying its own way, as it should properly be doing.

If our plans succeed, we shall have a busy 1981. We urge anyone with a conservation problem to contact us, and we will be happy to try to help solve it.

The status of our various accounts follows.

BOARD OF ADJUSTMENT REPORT – 1980

Nineteen-eighty was a relatively quiet year. The Board of Adjustment was only involved with a few cases which required us to render advice. One of these came to a hearing as a special exception. After two public hearings, the request for the special exception was withdrawn, thereby eliminating the need for us to render a decision.

OUR COVER

When the Ashuelot Turnpike, which extended from Fitzwilliam to Winchester, was constructed in 1809, a toll bridge was installed in each of the three towns involved.

The bridge in Richmond was located, generally, in the western section of the town on the original Royalston to Northfield, Mass. trail, crossing a stream locally referred to as Thayer or Wyman Brook because of its proximity to the home of Wyman Thayer. More appropriately, perhaps, many called it Brickyard Brook, as the stream flows along the border of the brickyard that produced most of the bricks used in the town, many of which are still in evidence.

Although necessary repairs to the bridge itself have been made from time to time, the original abutments of the Old Toll Bridge remain intact to support the new steel structure recently built.
